POLIO Vaccinations for Children

Polio-Are you aware there has been an outbreak of Polio in some areas of London- All children aged 1 to 9 years are being offered the polio vaccination.

Polio is an infection that attacks the nervous system, by having an extra polio vaccine we can boost your child's protection.

Please call the surgery and book an appointment with the nurse or if you have any questions/concerns please ask to speak with the nurse.

Please ensure all your Childs vaccinations are up to date to give them the best protection.
